WHO Listed

ABOUT THE UNIVERSITY

History and Location Andijan State Medical Institute (ASMI), established in 1955, is a government-run medical university located in Andijan city, Uzbekistan. Located in the Fergana Valley region, which is among Uzbekistan's largest urban centers, the institute has grown to become a key institution for medical education in Central Asia. Initially the only higher medical education institute in the Fergana Valley, ASMI has consistently expanded its academic offerings and infrastructure to meet regional healthcare needs. Mission and Academic Focus The institute's mission emphasizes equipping students with knowledge and skills to create sustainable value for society. ASMI offers a 6-year MBBS program (including a 1-year clinical internship) taught...

WHY CHOOSE ANDIJAN STATE MEDICAL INSTITUTE

- Established in 1955, Andijan State Medical Institute has a long-standing history as a leading government medical institution in Uzbekistan, located in the Fergana Valley.
- The total MBBS fees for the entire 6-year program (including internship) is approximately INR 27.67 Lacs for the 2026 session, making it a cost-effective option.
- The admission process is relatively straightforward, with Indian students needing to submit scans of their 12th mark sheets, passport, and NEET qualification...
- Indian students only need 50% marks in PCB in their 12th/Inter/Equivalent if from the general category, and 40% if from a reserved category, alongside NEET qualification.
- The 6-year MBBS program includes a mandatory 1-year clinical internship, providing practical experience alongside theoretical knowledge.
- The medium of instruction is English, which makes it easier for Indian students to understand and learn the medical curriculum effectively.
- Andijan State Medical Institute is recognized by the National Medical Commission (NMC) of India, allowing graduates to practice in India after clearing the FMGE/NEXT...
