ABOUT THE UNIVERSITY

University Overview: East European University, Tbilisi, Georgia History and Establishment East European University (EEU) was founded in 2012 in Tbilisi, Georgia, as a private medical institution catering to international students seeking quality medical education. Over the past decade, it has emerged as a preferred destination for Indian students due to its NMC (National Medical Commission), WHO, and FAIMER-recognized MBBS programs. The university focuses on blending theoretical knowledge with clinical training, aligning its curriculum with global standards. Academic Reputation and Programs EEU offers a 6-year MBBS program (including a 1-year internship) taught entirely in English, eliminating the need for Indian students to learn a new language....
