ABOUT THE UNIVERSITY

International School of Medicine in Kazakhstan: A Premier Destination for Indian Medical Aspirants Kazakhstan has emerged as a preferred destination for Indian students pursuing MBBS abroad, offering high-quality medical education at a fraction of the cost compared to private Indian colleges. Among the leading institutions in the country, the International School of Medicine (ISM) in Kyrgyzstan (a popular alternative to Kazakh universities for Indian students) exemplifies the advantages of studying in Central Asia. While specific details about Kazakh universities remain limited in the research data, the region's medical schools share common strengths that attract Indian students seeking globally recognized degrees. --- Academic Reputation and...

WHY CHOOSE INTERNATIONAL MEDICAL SCHOOL

- **Affordable Tuition:** Complete your 6-year MBBS program for the cost of one or two years in an Indian private college, making it a financially sound decision.
- **No Hidden Costs:** Universities abroad, including those in Kazakhstan, offer transparent fee structures without capitation or donation fees, ensuring financial clarity.
- **Global Recognition:** The university is recognized by organizations like WHO and potentially NMC, ensuring your degree is valid in India and other countries.
- **International Exposure:** Gain exposure to international culture and a global perspective, broadening your horizons and enhancing your career prospects.
- **Experienced Faculty:** Learn from highly qualified and knowledgeable teaching staff dedicated to providing quality medical education.
- **Hands-on Experience:** Benefit from a curriculum focused on practical training, preparing you for real-world medical scenarios.
- **Clinical Exposure:** Gain significant clinical experience from early years, potentially in state-run hospitals with a better student-to-patient ratio.

CAMPUS & FACILITIES

- Attached to a large state-run hospital for extensive clinical exposure.
- Modern infrastructure designed to meet international standards.
- Indian mess facilities available for comfortable dining.
- Experienced faculty providing quality medical education.
- Curriculum aligned with international parameters for global practice.
- Focus on hands-on experience and practical training.
- Affordable tuition and living costs compared to private Indian colleges.

ELIGIBILITY

- **NEET score:** Must qualify NEET exam in 2024, 2025, or 2026.
- **12th/Inter marks:** 50% in PCB (Physics, Chemistry, Biology) for general category.
- **12th/Inter marks:** 40% in PCB (Physics, Chemistry, Biology) for reserved category.

- Qualifying Exam: Completion of 10+2 or equivalent from a recognized board.
- Subjects in 12th: Physics, Chemistry, Biology, and English are mandatory.
- Minimum Percentage: A minimum of 50% aggregate in PCB is generally required.

HOW TO APPLY

Intake: September.

1. Step 1: Ensure you meet the eligibility criteria, including 50% marks in 12th/Inter/Equivalent with Physics, Chemistry, and Biology for the general...
2. Step 2: Reserved category students require a minimum of 40% marks in Physics, Chemistry, and Biology in their 12th/Inter/Equivalent.
3. Step 3: Qualify for the NEET exam. Your NEET qualification from 2024, 2025, or 2026 is acceptable for admission in 2026.
4. Step 4: Gather all necessary documents, including your 10th and 12th mark sheets, NEET scorecard, passport, and passport-sized photographs.
5. Step 5: Contact the university or an authorized admission partner for guidance on the application process.
6. Step 6: Complete the application form accurately and submit it along with the required documents.

DOCUMENTS REQUIRED

- Valid passport
- 10th & 12th marksheets
- NEET scorecard
- Birth certificate (English)
- Medical fitness & HIV test report
- Passport-size photographs (white background)
- 6-month bank statement of parent/guardian
- No-Objection Certificate

RECOGNITION & CAREER

Recognition & Accreditations for International Medical Schools in Kazakhstan Medical universities in Kazakhstan are increasingly popular among Indian students seeking affordable, globally recognized MBBS programs. For 2026, these institutions offer a combination of NMC (National Medical Commission) approval, WHO listing, and alignment with international standards, ensuring graduates can pursue careers in India and...

Career Prospects After Graduation for International Medical Schools in Kazakhstan FMGE Preparation and Licensing in India Indian students graduating from Kazakh medical universities must qualify the National Exit Test (NEXT), replacing the earlier FMGE, to obtain medical registration in India. As per NMC guidelines (2026), all Indian citizens with foreign...
