## ABOUT THE UNIVERSITY

Historical Foundation and Institutional Heritage Kursk State Medical University was established in 1935 by order of the Council of People's Commissars No. 89 dated 9 February, making it one of the oldest medical educational organizations in Russia. With 91 years of academic heritage as of 2026, the institution has evolved from its origins as a college, notably overcoming wartime evacuation during World War II while maintaining its educational mission. Since its foundation, the university has trained over 44,000 doctors, contributing significantly to the global medical workforce. The university holds the distinction of being the largest educational institution in the Kursk region. It maintains a unique connection to its history through its own...
