

Medical College of Northern Territories

Russia • Established 1906 • Government

ABOUT THE UNIVERSITY

Overview Medical College of Northern Territories is a public institution located in Russia. Established in 1906, the college offers a long-standing academic environment for students pursuing medicine. For Indian aspirants, the MBBS programme is conducted with English as the medium of instruction, allowing students to study medical sciences without an initial language barrier. The course duration is 6 years, and the academic intake typically begins in September. Fees & Cost Prospective students must carefully evaluate the financial commitment required for this institution. The annual tuition fee for the MBBS programme is 320,000 USD, which is approximately Rs 272.0 lakh per year. This represents a significant investment, and students should plan...
