ABOUT THE UNIVERSITY

Introduction and Historical Legacy Nanjing Medical University (NMU) represents one of China's most established medical institutions, with a history dating back to 1934. Originally founded in Zhenjiang, the university relocated to Nanjing in 1957, subsequently adopting its current name as Nanjing Medical College. Over the decades, this institution has evolved into a comprehensive medical university recognized globally for its contributions to medical education and research. The university operates under the direct approval of the Ministry of Education of the People's Republic of China (MOE), establishing itself as one of the first institutions in mainland China authorized to offer English-taught Bachelor of Medicine and Bachelor of Surgery (MBBS)...
