ABOUT THE UNIVERSITY

Introduction and Historical Background Novosibirsk State Medical University is one of Russia's prominent government medical institutions, established in 1958. Located at Krasnyy Prospekt, 52, in Novosibirsk—the third-largest city in Russia after Moscow and Saint Petersburg—the university has built a reputation for specialized medical education over its 68-year history. Originally introduced with a specific focus on pediatric medical education, the institution has evolved into a comprehensive center for medical training that attracts students from more than 60 countries, including a significant and growing contingent from India. The university operates under direct support from the Russian government, ensuring adherence to rigorous standards in...
