ABOUT THE UNIVERSITY

Introduction and Historical Legacy Orenburg State Medical University (OrSMU) is one of Russia's distinguished government medical institutions, established in 1944 in the city of Orenburg. Located approximately 1,478 kilometers southeast of Moscow and situated near the Kazakhstan border, the university has cultivated a legacy of medical excellence spanning over eight decades. The institution released its first batch of MBBS graduates in May 1946, marking the beginning of its sustained contribution to global healthcare education. Today, Orenburg State Medical University ranks 184th nationally in Russia and holds a global ranking of 5269, reflecting its established position in international medical education.
